

English

The children will be working on a Poetry unit of work followed by a unit on writing a fantasy story using *How to Train your Dragon* by Cressida Cowell.

Mathematics

During this term we will be focussing on multiplication and division and measurement of length and perimeter.

Children need to be learning their multiplication tables both in school and at home.

Geography

As the theme this term has been on Geography we are following our unit on rivers with one on mountains.

Art and Design

We are very lucky to have the opportunity to be working with Emma Scott, a renowned willow worker, on creating the school's Christmas Lantern for the Padstow Lantern Parade.

Curriculum Newsletter Year 4 Autumn 2 2018

RE

In RE, the children are learning to understand the symbolism in the Christmas Story and to think about the different parts mean to Christians today.

PE

In PE, the children are learning about ball skills — dribbling, turning and controlling the ball, chest bounces and shoulder passes.

Science

States of Matter. We will be learning how to compare and group materials together, according to whether they are solids, liquids or gases; to observe that some materials change state when they are heated or cooled and to identify the part played by evaporation and condensation in the water cycle.

PSHE

We will be working on understanding ourselves, managing feelings, working in a group and recognising our talents.
