

## WRITING ACTIVITIES:

Choose from the following activities:

1. Write a sentence for each of your spellings. Try to include a subordinate clause and/or fronted adverbial. Could you write one of your spellings into a question rather than a sentence? Or include it in an instruction?
2. Write a book review for a book you have recently finished? Think about: You need to persuade someone to read it so which age group would it be suitable for – why? What makes it a good / exciting read? Did the ending surprise you? Why? Do you know want to read more books by the same author?
3. Choose a writing activity from the Home Learning ideas document for your current topic.
4. Choose activities from the 25 Non Screen Activities document.
