

Spiritual, Moral, Social and Cultural Education - SMSC

At Padstow we believe that our whole-school vision and aims reflect our intention to incorporate SMSC values into the very fabric of our school and daily life.

Our vision is to prepare our children for a lifetime of learning and success by teaching them, in equal measures, both the academic skills and the personal strengths they need to excel on transition to secondary school and beyond.

Our motto, '**Embark on a journey to discover your future**', encompasses our aim that pupils will enjoy the challenges of a rigorous, academic and personal curriculum delivered in an unreserved spirit of adventure.

At Padstow we are committed to the spiritual, moral, social and cultural development of the children. Our vision is for pupils to develop as independent and ambitious life-long learners, creative risk-takers and thoughtful global citizens.

Spiritual:

Explore beliefs and experiences; respect values; discover oneself and the surrounding world; use imagination and creativity; reflect meaningfully on their own actions and the actions of others.

Moral:

Recognise right and wrong; understand consequences; investigate moral and ethical issues; offer reasoned views.

Social:

Use social skills in different contexts; work well with others; resolve conflicts; understand how communities work.

Cultural:

Appreciate cultural influences; participate in cultural opportunities; understand, accept, respect and celebrate diversity.

This is modelled at all levels of the school through mutual respect and an appreciation of diversity. Relevant issues are explored through the curriculum, both in planned ways and through incidental opportunities, for example responding to a natural disaster or national topical event.

The principles of SMSC run through all aspects of Padstow school life, including planned and unplanned interactions, and through many areas of policy and practice, including the management of behaviour, promotion of equalities and having a wide-ranging and meaningful curriculum which inspires children to find out more about the world.
